International Archives Congress ICA Barcelona 2025

@ICABcn2025

The Barcelona City Council, through Barcelona Municipal Archives @BCN_arxiu, takes care of the documentary heritage of the municipality, made up of documents produced or received by the municipal administration, as well as documents of private origin that are of historical or civic interest for the city.

The Barcelona Municipal Archives is a network of 21 centres: the Historical Archive of the City, the Photographic Archive, the Contemporary Municipal Archive, the District Municipal Archives, and the Central Archives.

One of the most outstanding documents preserved in the Historical Archive of the City is the Llibre Verd de Barcelona, a 14th-century handwritten codex that compiles the privileges that governed municipal life in the Catalan capital during the Middle Ages.

We also share this panoramic photograph of Passeig de Gràcia (1912), which you will find greatly changed when you attend the International Archives Congress – #ICABarcelona2025
